Professional Experience

Anteater Express

May 2021 - present

Bus Operator

September 2021 - present

Operations

September 2022 - present

- As an operator, operates buses safely, provides good customer service, and keeps track of schedules to ensure that hundreds of UCI affiliates get to wherever they need to be.
- As an operations staff member, performs bus swaps, ensures buses in the bus lot are cleaned and properly closed down, and other duties as assigned to keep the shuttle operation smooth.

Activities/Projects

Circle K International

September 2020 - present

Technology Internship Program Member | UCI Circle K

October 2020 - present

- Assists with tasks including re-designing the ucicki.com website to fit the club's current theme, updating various pages, and optimizing the website for mobile devices to keep current and potential members updated.
- Effectively communicates with other members to ensure that one part of the website is only worked on by one person at a time.

Webmaster | Change Thru Games 9

June 2022 - November 2022

- Change Thru Games is an annual charity gaming tournament hosted by UCI CKI.
- Re-designed the event's website from scratch using Bootstrap to make it accessible for both mobile and desktop devices while also making it easier to implement and maintain.
- Worked with four other people on the marketing team to ensure the website meets the event's brand guidelines and is an effective marketing tool.

ZotGuessr

February 2022

Front-end Consulting/Devpost Manager

- Developed as part of HackUCI 2022, this web game allows users to guess the locations of various UC Irvine landmarks while also learning fun facts.
- Effectively communicated with four other team members in-person and via Discord.
- Helped create a website in HTML/CSS, React.js, and Bootstrap, using VSCode/CodeTogether, Git, and the Google Maps API.
